To Whom it may concern,

We have used "Heatsaver" in our hotel pool for six years and have measured a saving of 37.5% for our pool, this equals approximately \$270 per month. As a result "Heatsaver" is now a part of our regular daily pool operations. This product is user friendly along with being quick and easy to use. We would recommend this product to anyone seeking to reduce their pool heating costs and saving energy.

Erik Thomassen
Chief Engineer
